

ISUB ACTIVE 2.1

Product sheet

Benefiting from the renowned Focal expertise in Car Audio solutions, the ISUB ACTIVE 2.1 subwoofer delivers powerful, boosted bass as well as amplifying your vehicle's front speakers. It is the perfect addition to any on-board audio system, genuinely enhancing the sound experience without taking up any space in the cabin or boot. In fact, it's compact enough (standing at just 2^{1/2}" (6.3cm) tall) to install easily beneath the seat.

Key points

- Ready to use (ISO Plug & Play cables supplied)
- Compact product, discreet integration, floor fastening
- 2-channel amplifier
- Easy to use
- Various options for adjusting the subwoofer
- Robust design

Check the space available before installing anything in the desired locations

Type	8" ultra-compact amplified subwoofer & 2-channel amplifier
Max. power	260W
Nom. power	130W RMS
Frequency response	45Hz - 150Hz
Impedance	4Ω
Fuse rating	35A
Subwoofer phase	0 or 180°
SNR	> 80dBA
ISO beam length	106 ^{1/4} "
Power cable length	196 ^{7/8} "
Amplifier bandwidth	10 Hz - 20KHz
Maximum power amplifier	2 x 110W
Nominal power amplifier	2 x 55W RMS
Impedance amplifier	4Ω
Dimensions (L x W x H)	12 ^{7/8} x 9 ^{1/16} x 2 ^{1/2} " (328 x 230 x 63 mm)
Weight	9.6lbs (4.25kg)
